

Ian McMahon sent me some comments regarding the section on Queensland:

Possibly the Barron river view (007) does **not** exist as an “03-1” card.

At a recent Zoom presentation Bernie Beston showed a copy of the 1 ½ d card with the caption Charleville, S&W Railway (that is without ‘terminus’)

Ian’s remark on that was: “always possible this was a proof and not issued – no used card has apparently been recorded.”

The ‘05’ cards are also known in brown as well as violet brown and orange brown. He is not sure if they represent a separate ‘printing’ or a colour variation of one of the other colours.

Correction: On page 15 “04-1” and “04-2” should be “05-1” and “05-2”.

Israel: One cards can be added to this set since the book had been published.
